Name and Address of Consignor:

Name and Address of Consignee:

Means of Transport (flight no/vessel name):

Place/Port of Loading:

Health Attestation:

The undersigned official veterinarian certifies to the following regarding the products described hereon:

1. The bovine blood used in the manufacturing process of the pharmaceutical product was collected from cattle which:
 - a. Were born and raised in the United States, a country where rinderpest, foot and mouth disease (FMD), contagious bovine pleuropneumonia, peste de petits ruminants, and lumpy skin disease have not been reported in the last 5 years;
 - b. Were sourced from farms where vesicular stomatitis has not been reported in the past 5 years;
 - c. Were subjected to a NON-pneumatic captive bolt stunning method prior to slaughter;
 - d. Were not subjected to a pithing process prior to slaughter;
 - e. Were not slaughtered in a disease eradication campaign;
 - f. Passed ante and post mortem inspection (for human consumption), and showed no evidence of systemic infectious diseases, including anthrax, leptospirosis, or bovine tuberculosis.
2. The bovine blood used in the manufacturing process of the pharmaceutical product was collected in a closed manner from the jugular/vena cava area, after the animals were stunned and hoisted to a head-down position.
3. The slaughter and manufacturing facilities are controlled and regulated by the competent U.S. authorities.
4. Procedures are in place to ensure that the final product can be traced back to the source bovine animals and blood described in 1-3, above. The tracking lot numbers for the certified product are _____ (list all). The final lot number for the product certified herein is _____.

Issued at _____ on (date) _____
